

Global Mobile Innovators Tournament

Enabled by **IBM & 4YFN**

Start changing the world

IBM and Four Years From Now (4YFN), in conjunction with influential Telco organisations have partnered together to bring you the **Global Mobile Innovators Tournament!**

Show off your talents and help solve some of the world's most challenging problems by developing robust Internet of Things mobile applications with IBM Bluemix and Telco APIs.

Win the opportunity to go to 4YFN 2016 in Barcelona, 22-25 February 2016 and become one of the global tournament winners, plus meet influential investors, get access to multiple networking parties and much more!

The tournament will focus on three **IoT themes**:

**Smart Homes
& Buildings**

**Connected Travel
& Transportation**

**Smarter
Healthcare**
